F.S.C.'s ONE MUS

The little one-room school, a vanishing segment of America's educational heritage, now enjoys permanent restoration as a Centennial project and museum on the beautiful campus of Fairmont State College.

The 23 by 26-foot, white country schoolhouse was taken down in sections some 20 miles from the campus where it was constructed in 1871, and trucked to the college to be reassembled. Here, it will not only serve as a memorabilio of the early years in rural America, but it will also serve as a visual aid to the many young teachers who are trained on the Fairmont campus each year.

Completed as a West Virginia Centennial project, it was a joint effort on the part of the FSC Centennial Committee, the Marion County Centennial Committee, the Industrial Arts students and maintenance units and local truckers. The original idea came from Dean Paul Yost, a former teacher in a one-room school in Morgan county and later a superintendent of schools.

As this issue of the MOUND comes from press this spring, hundreds of persons are expected to visit the One-Room School Museum here on campus. It will remain here as a permanent museum and will serve to help commemorate the centennial of the West Virginia Education Association in 1965 . . . and then in 1967 it will be a highlight in the centennial of Fairmont State College.

ROOM SCHOOL MUSEUM

OLD BRONZE SCHOOL BELL was among artifacts contributed to the One-Room School Museum by Miss Mary B. Price, a former music instructor at the college. The bell is over 150 years old.

OLD LOG BURNING STOVE came to the campus from Grant county where it was used in a similar school well over a hundred years ago. The recitation bench came from Taylor county and is another artifact over a hundred years old. The teacher's desk in background came from Preston county along with the stone water cooler.

DESKS AND OLD TEXT BOOKS came from various areas. The books in the collection date from 1832 up to the early 1900's. Books and other items are contained in two large showcases for visitors to view.

SECONDARY TEACHING

The training of teachers for the junior and senior high schools of the State has been one of the principle objectives of F.S.C. since its founding. The philosophy of the college is that adequate preparation for teaching requires rich comprehensive experiences in the area of general education, a reasonable degree of concentration in two subject matter fields, and the development of certain attitudes, skills, and a program of professional education designed to meet the needs of the prospective teacher in each of the curriculums. (A, C and non-academic)

Student teaching is required in all curricula. One semester of the senior year is used to schedule a block of approximately 15 semester hours of professional courses. Seven of the 15 semester hours are devoted to student teaching. The student does practice teaching in his major and minor areas of concentration. The directed teaching is a daily assignment for a full day, five days a week, for approximately 9 weeks. The student teacher is expected to assume other duties of supervising teachers.

On June 28, 1920, a larger group was called together to discuss the formation of the fraternity. Further progress was uninterrupted and June 28 is accepted as the date of founding.

The active members and several alumni of Kappa Psi Xi, a local fraternity at Fairmont State College became Xi Chapter on March 23, 1929.

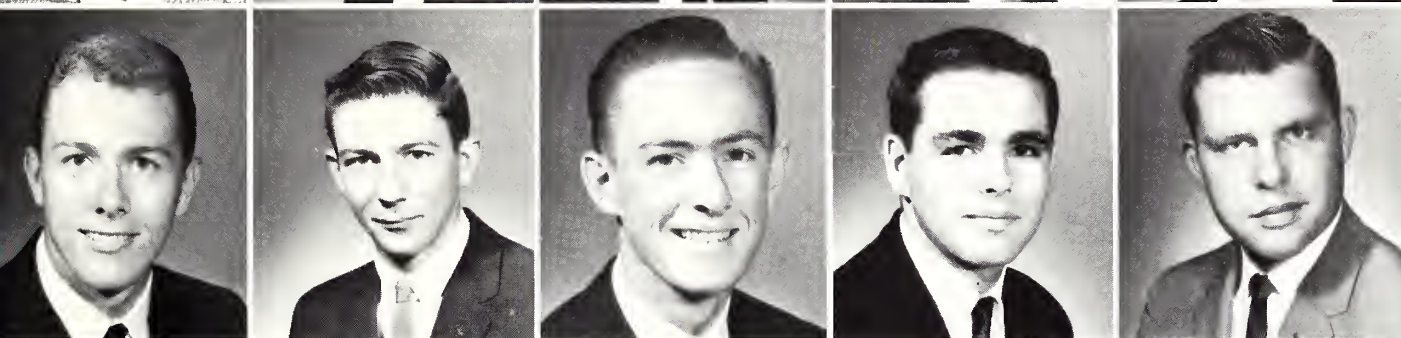

During the past year the Sigma Taus have participated in the following activities: song fest, spring formal, Greek Week, homecoming, and they won the cheering award in the annual cheering contest. TAU BETA IOTA FRATERNITY

Thirty-six years ago an organization of upstanding young men was granted a charter by Fairmont State Normal School. Dr. Rosier, seeing the fine qualities of the fraternal organization, granted this charter on the seventh day of March, 1926 — thus establishing the first fraternity on the campus. The Greek name given to this fraternity was Tau Beta Iota, better known as T.B.I.

As one of the leaders on the hill, the T.B.I. fraternity has had a prosperous year. The members won first place in the annual Inter-Panhellenic Song Fest by singing "Black is the color of my True Love's Hair," and also won first place in the men's division in the Homecoming float competition with the theme "Tech's Day of Reckoning." The T.B.I.'s also claim a student body officer and a member who was selected to Who's Who Among Students in American Colleges and Universities. Other activities of the fraternity include the Harvest Ball, Sweetheart Ball and spring formal.

ADVERTISEMENTS

PROFESSOR ROBERT SHAFFER COLE

IN MEMORIAM . . .

Robert Shaffer Cole, assistant professor of business and soccer coach at Fairmont State College, died at his home following a heart attack February 15. He had previously suffered a stroke which had prevented him from fully resuming his duties at the college but had been recovering nicely and attended two functions at the college on the eve of his death.

He attended FSC before entering military service in W.W. II. After his separation from the service, Cole attended Bowling Green University and W.V.U. He came to FSC in 1956 and joined the business department. When soccer was added as a varsity sport to the athletic program, he became its first coach.

Cole, better known as "Pappy" to the soccer team and those who knew him well, certainly contributed to much of the success of our campus.

Bob Cole's death saddened all who were privileged to know him . . . he'll be missed by all.
